Sir:

The undersigned requests consideration of this Petition on the basis that despite diligent efforts, executed Declarations and Powers of Attorney by all the inventors of the present invention are unavailable.

Of the four inventors named in the application, executed Declarations and Powers of Attorney are submitted herewith on behalf of Eric Klinker, Brian Douglas Grady and Edward Crabbe. Although appropriate documentation was provided to Jeremy Johnson by customary means and several follow-up communications requested the return of an executed Declaration and Power of Attorney, none was returned. The attached Statement of Facts establishes that Mr. Johnson's conduct constitutes a refusal to sign the Declaration.

Pursuant to the requirements of 37 C.F.R. §1.47(a), the last known address of the non-signing inventor is provided below:

Jeremy T. Johnson
